Donations to CBM will help to Light up Lives in the world's poorest places by:

- improving access to sight-restoring cataract surgery and treatment for blinding conditions like glaucoma.
- reaching people at risk of blindness in remote areas, far from the nearest eye hospital, helping them access treatment before it is too late.
- ensuring people with low-vision can access glasses and support, so they can go to school, earn a living and be active in their communities.
- training local staff, equipping hospitals and strengthening eye health systems to ensure the maximum long-term benefit.

**We will take a collection for CBM and hear about their work on the 20th June**
